

The DGCD Database maintains quick, easy access to vast amounts of design critical information

http://67.174.104.64:8001/projects/viewproject.php?projId=88 - Microsoft Internet Explorer

View Project

Project Name	Sample Project
Customer	
Employee	No Employees Associated
Start Date	2005-09-08
End Date	2005-09-08
Project Status	hold
Project Type	import
Notes	

Short Description links into data that is being tracked on the part – parameters, datasheets, vendors, pricing, etc.

The leaf shows that the part is already RoHS compliant – Documentation is available

This part has both a RoHS compliant part and a non-compliant part. The database can cross-reference between the two
